

Jesus CENTRAL

Action Points: Noah's butterfly

Ps Jon Cathie 7/9/2025

Key thought: If we are serious about changing our world for the Kingdom of God, we need a long term, strategic, generational approach to influence. It involves more than setting up good generational programs. It involves parents committed to parenting – fathers and mothers, biological and spiritual, growing in godly wisdom, and imparting it faithfully.

Action points:

1. A parent's pattern becomes a child's practice
In what ways are you patterning behaviour and priority for others you can spiritually parent?

2. A parent's integrity becomes a child's inheritance
What are your key practices that show integrity to other generations? What can you add so you are known as a person of integrity?
3. A parent's indifference becomes a child's isolation
How can you replace indifference with investment?
