

## Action Points: Open Space

- Ps Joel Steenbergen 15/6/2025

Key thought: Today, Ps Joel and the Creatives Team led us in a morning of praise and worship. There were three thoughts shared:

- His presence must be a priority over our plans
- Praise builds the throne of our God
- We want to offer the Lord something that we would give no-one else.

With this in mind, here are the Action points:

1. How can you learn to lay aside your plans or your control of things so that His presence is given priority in your life?
2. What size throne have you built for Jesus in your life? How can you build it bigger?
3. Read the story of the first mention of worship in the Bible – Genesis 22:1-19. What can we learn from this story about worship?
