

Action Points: A little lower than angels

Ps Allan Davis 27/7/2025

Key thought: This past month, we have been considering the impact of the “kenosis”, when Christ emptied himself of the glory and prerogatives He shared with the Father and was “made flesh” to die on the cross and rise again to save us (Philippians 2:5-11). Hebrews Chapter 2 explains the importance of this event. He was “made a little lower than the angels”,

Why did Jesus do this?

- To walk in our steps
- To introduce us to the Father
- To bring us into the family of God
- To be our perfect leader
- To help us when we are tested
- To die for us and break the power of sin and death
- To take us home

With this in mind, here are the Action Points:

1. What blessings have you seen in your life because Jesus was willing to leave His throne on high and come to Earth?
2. How does Jesus coming to Earth make Him more relevant to humanity?
3. Take a few minutes now to think about how the coming of Christ affects your life and gives you hope for the future.
