### Action Points: Don't buy tulips Ps Joel Steenberg 27/7/2025

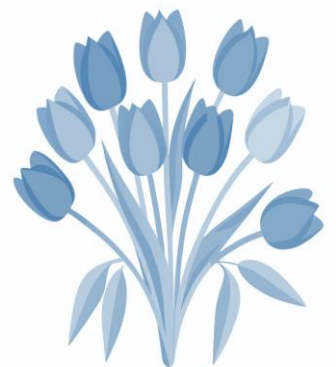

Key thought: From Philippians 2:1-5, Ps Joel shared on the importance of God and placing value on Him above all things. His key points were:

- It's not about what you build but what you build upon
- It's not about what you get but what you give
- It's not about us being seen but Christ being seen through us.

With this in mind, here are the Action Points:

1. What happens when we build on shaky foundations that don't consider Jesus as the chief cornerstone? Can you think of a practical example when this has happened in your life?

2. Why is it more blessed to give than to receive?

3. John the Baptist said that 'He (Jesus) must increase and I must decrease.' We must have the same attitude. How can we make sure that Christ is seen through us?
